Ram River Falls on the Forestry Trunk Road.

Chimneys built in 1864 in the original Rocky Mountain House.

FOREWORD

This booklet lists all products carried in regular stock by the Board, and also provides brief answers to questions most commonly asked about our store operation. A section to assist visitors to Alberta is included under the heading "Tourists" in General Information at the back of the booklet.

We endeavor to carry adequate stock of a representative selection of the best and most popular brands. Because it is impossible to carry in stock every item that might be requested, special orders for a minimum of one full case of any brand will be obtained if possible. (Please refer to General Information section.)

We would be pleased to receive your suggestions for improvement of store service, brand selection, or any other phase of our operation. Letters should be addressed to Chairman, The Alberta Liquor Control Board, Box 2360, Edmonton, Alberta.

WINES

WINE INFORMATION

Wines are listed under five categories, according to the way they are used.

1. **Appetizer Wines**—serve chilled before meals.
2. **Dessert Wines**—range from sweet to very sweet and are usually served at room temperature with dessert.
3. **Red Table Wines**—range from dry to medium dry and are most suitable when served at room temperature with red meat or game.
4. **White Table Wines**—vary from dry to sweet. Dry types are best served with seafood and white meats, and the sweet with dessert. Serve chilled.
5. **Sparkling and Bubbling Wines**—are suitable for serving before or during a meal. They should be chilled.
The question of which wines are best to serve with different foods is difficult to answer since it depends on individual taste or preference. The above suggestions are only a guide.

Sweetness or lack of sweetness for each wine is indicated by an index number after the name. (1) denotes a dry wine, with each higher number through to (20) indicating increasing degrees of sweetness.

Generally speaking Sparkling and Table Wines contain less than 14% Alcohol by volume, and will not keep after being opened.

Appetizer and Dessert Wines contain more than 14% Alcohol by volume and keep quite well after being opened.

Wines should be stored in a cool (55°), dry cellar. Table Wine sealed with a cork should be placed flat on the shelf to keep the cork damp, and prevent the contents from spoiling.

Eventually many wines deposit a sediment which is formed during the natural process of aging. To serve such wines, pour carefully after the sediment has settled.

GENERAL INFORMATION

GENERAL INFORMATION

This list is subject to change without notice.

The contents shown for each item are approximate. Refer to the statement of contents shown on the bottle or label. Store managers will be pleased to show you a bottle of any brand before you purchase, on request.

TOURISTS

The following information is set out separately to provide a quick reference for visitors.

Alberta Liquor Stores are located in most of the larger towns and in all cities. In rural areas the stores usually are open from 10:00 a.m. to 6:00 p.m., and in larger cities, from 10:30 a.m. to 11:30 p.m. Tourist centre stores are on extended hours during the summer. Detailed store hour information is given at the back of this booklet.

At Jasper and Banff the board carries quite a large number of additional brands during the tourist season. In general, citizens of the U.S.A. can take one bottle of alcoholic beverage back with them, but state regulations vary and in some it is not permitted. If you are doubtful, please ask the store manager for information.

When referring to alcohol content Americans and Canadians use the same words, but they have a different meaning. A chart at the back of this book will help to clarify the question for you. A similar situation exists in respect to liquid measure, and complete information is available from store personnel.

In Alberta it is illegal to consume alcoholic beverages in a public area, which includes your automobile. Bonafide travellers may transport opened bottles provided they are placed in the traveller's luggage with his clothing and necessities of travel. This only covers, very briefly, two aspects of provincial liquor laws, and it is recommended that you pick up a small booklet on the subject available at our stores.

Our store staff are trained to assist you, and will be pleased to do so.

PRICES

Prices are uniform at all Alberta Liquor Stores.

PRODUCTS AVAILABLE

Products Listed in this Booklet

Liquor stores with the largest volume and all self serve stores carry all listed items. At other locations it is impractical to carry a full line since demand is nonexistent for certain brands in some localities.

Should you desire a particular product which is listed in this booklet but not stocked at the liquor store where you ordinarily deal, the manager will bring in the item and quantity you require. This will mean re-ordering each time you need stock, but, if there is a reasonable regular demand, the store manager will add it to the brands regularly carried.

Should you feel you are not receiving every assistance in obtaining the product of your choice listed in the book, it would be appreciated if you would telephone or write the Stocks Director, Alberta Liquor Control Board, Edmonton, Alberta.

Additional Products

In addition to the products listed here, a small selection of high quality wines and a few liquors is carried in the Edmonton and Calgary Warehouses. Please ask the store manager for printed information.

Special Orders

If you wish to order a product that is not listed, please write to The Alberta Liquor Control Board, Box 2360, Edmonton, giving full particulars. If it can be obtained you will be advised of the price and approximate delivery time. A deposit is necessary if you then decide to order, and the minimum quantity is one case of each brand or size.

At all liquor stores, with the exception of the Calgary, Edmonton, Lethbridge, Sherwood Park and St. Albert stores, keg beer will be brought in on request for immediate purchase. However, depending upon transportation, several days notice is required. You should also remember that this beer is perishable.

In addition to the purchase price, a deposit of \$25.00 is required on each keg and \$20.00 on each beer pump that is required. These deposits are refundable when the keg and/or pump is returned in good condition.

MAIL ORDERS

Customers located in remote areas of the province not served by a liquor store may order for shipment by mail or Express depending upon location. Beer, malt liquor, and 80 oz. or 160 oz. bottles can not be supplied by mail. Beer and malt liquor will be forwarded by Express Collect. The board will pre-pay transportation charges otherwise.

If you find it necessary to order by mail, please write to the closest liquor store for information.

BLOOD-ALCOHOL CHART

For Use BEFORE Drinking

The Edmonton Safety Council, 10526 Jasper Avenue

Prepared by THE ALBERTA SAFETY COUNCIL

ALCOHOL WILL AFFECT YOUR DRIVING ABILITY

The PERCENT of alcohol in a person's blood is a guide to how much your driving may be impaired.

To estimate the percent of alcohol in the blood, follow these directions:

1. COUNT YOUR DRINKS (1 drink equals 1½ oz. spirits or 3 oz. of wine or 12 oz. of beer).
2. Refer to the BLOOD ALCOHOL CHART below. Under the number of drinks and opposite your body weight, find the percent of blood alcohol listed.
3. Subtract from this number the percent of alcohol burned up in your body during the time elapsed since your first drink.

Hours since first drink ----- 1 2 3 4 5 6
 Subtract from blood alcohol ---- .015 .030 .045 .060 .075 .090

Example:

150 lb. man, 4 drinks in 3 hours = .116 minus .045 = .071%
 150 lb. man, 6 drinks in 4 hours = .174 minus .060 = .114%

BLOOD ALCOHOL CHART

Showing estimated % of alcohol in the blood by number of drinks in relation to body weight. (1 drink equalling 1½ volume-oz. of rum, rye, scotch, brandy, gin, vodka, etc.; 1 12-oz. bottle of beer; or 3 oz. of wine.)

Count 1 drink of over-proof rum as 2 drinks.

BODY WEIGHT	DRINKS	1	2	3	4	5	6	7	8	9	10
	100 lbs.	.043	.087	.130	.174	.217	.261	.304	.348	.391	.435
	125 lbs.	.034	.069	.103	.139	.173	.209	.242	.278	.312	.346
	150 lbs.	.029	.058	.087	.116	.145	.174	.203	.232	.261	.290
	175 lbs.	.025	.050	.075	.100	.125	.150	.175	.200	.225	.250
	200 lbs.	.022	.043	.065	.087	.108	.130	.152	.174	.195	.217
	225 lbs.	.019	.039	.058	.078	.097	.117	.136	.156	.175	.195
	250 lbs.	.017	.035	.052	.070	.087	.105	.122	.139	.156	.173

Driving impairment is reached before .080%

For Safety — DON'T DRINK and DRIVE

THE LAW IN CANADA:

Sec. 222, Criminal Code of Canada—Impaired driving is an offence even if the driver's blood alcohol is less than .080%.

PENALTY, 1st OFFENCE—Fine of not more than \$500 or less than \$50 or jail for 3 months or both.

2nd OFFENCE—Jail for not more than 3 months and not less than 14 days. Subsequent offences—Jail not more than 1 year but not less than 3 months.

Sec. 223 C.C.C.—(1) Breath tests for blood alcohol are compulsory. (2) It is an offence to refuse to take a breathalyzer test for blood alcohol when such a test is demanded by a peace officer.

PENALTY—On summary conviction only. A fine of not more than \$1,000 or less than \$50 or jail for not more than 6 months or both.

Sec. 224 C.C.C.—It is an offence to drive if driver's blood alcohol exceeds .080%.

PENALTY—Same as for Sec. 223.

Liquor Strength Conversion Chart

- NOTE:
1. START WITH PERCENTAGE OF ALCOHOL BY VOLUME
 2. TO CONVERT TO CANADIAN PROOF MULTIPLY IT BY 1.75
 3. TO CONVERT TO U.S.A. PROOF MULTIPLY IT BY 2
